

## DRYLAND MOORING & STORAGE 2016 SUMMER SEASON

Please submit applications to the Club by March 31, 2016. All boats found on club property (including junior racing and non-racing boats) not registered for summer storage by June 1<sup>st</sup> will be assessed a 20% late filing fee on June 1, 2016. All boat trailers for registered boats must be identified with the owners name clearly marked. Assignment of spaces will be determined by location of fleets and best use of space. Requests made for a particular location will be determined first by prior assignment and second by club seniority.

Summer storage and movement of personal property on LGYC grounds is at the owner's risk.

Dryland Mooring for Partial Season: Monthly is 50% of Full Season Weekly is 30% of Monthly

For summer dryland storage, a 10% discount is given for a second (smaller) sailboat that is registered in a LGYC racing fleet and a 15% discount for third and additional (smaller) boats providing they are all registered in a LGYC racing fleet. This discount does not apply to powerboats.

Boats may be launched any time during the season providing doing so does not conflict with Yacht Club racing, regattas, or Sailing School programs.

The "summer season" is defined from May 1 to November 1. Owners understand they may be required to remove boat(s) and equipment from the Club grounds during the course of an approved regatta or event, subject to notification by the Club. All efforts will be made to rearrange boats rather than remove them from the Club grounds.
